

SPACE QUIZ

ESA

A full-disk image of the Sun, showing a highly active surface with numerous sunspots and solar flares. The Sun is a bright, yellow-orange sphere with a textured surface. The word "SUN" is written in large, white, sans-serif capital letters across the center of the image. The background is black, representing the vacuum of space.

SUN

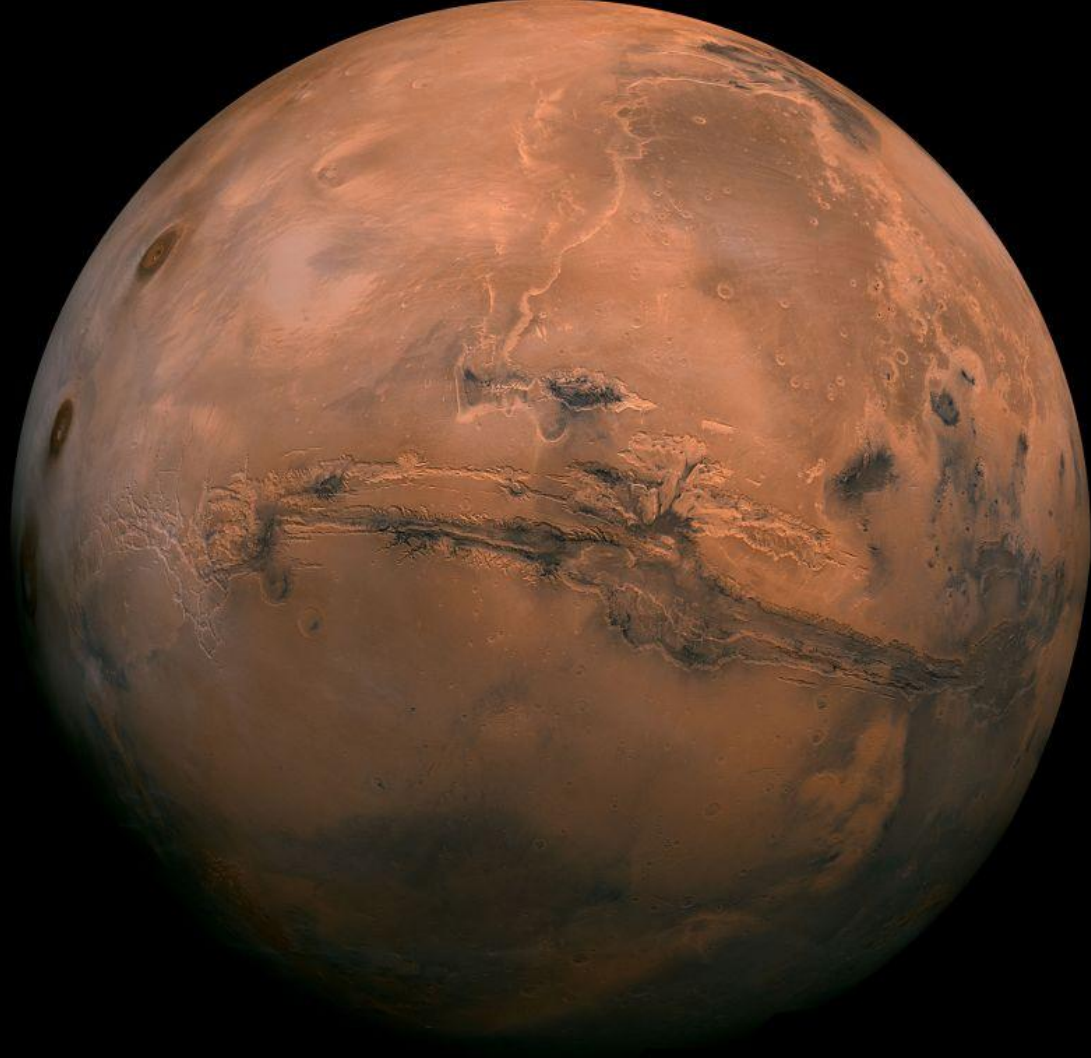

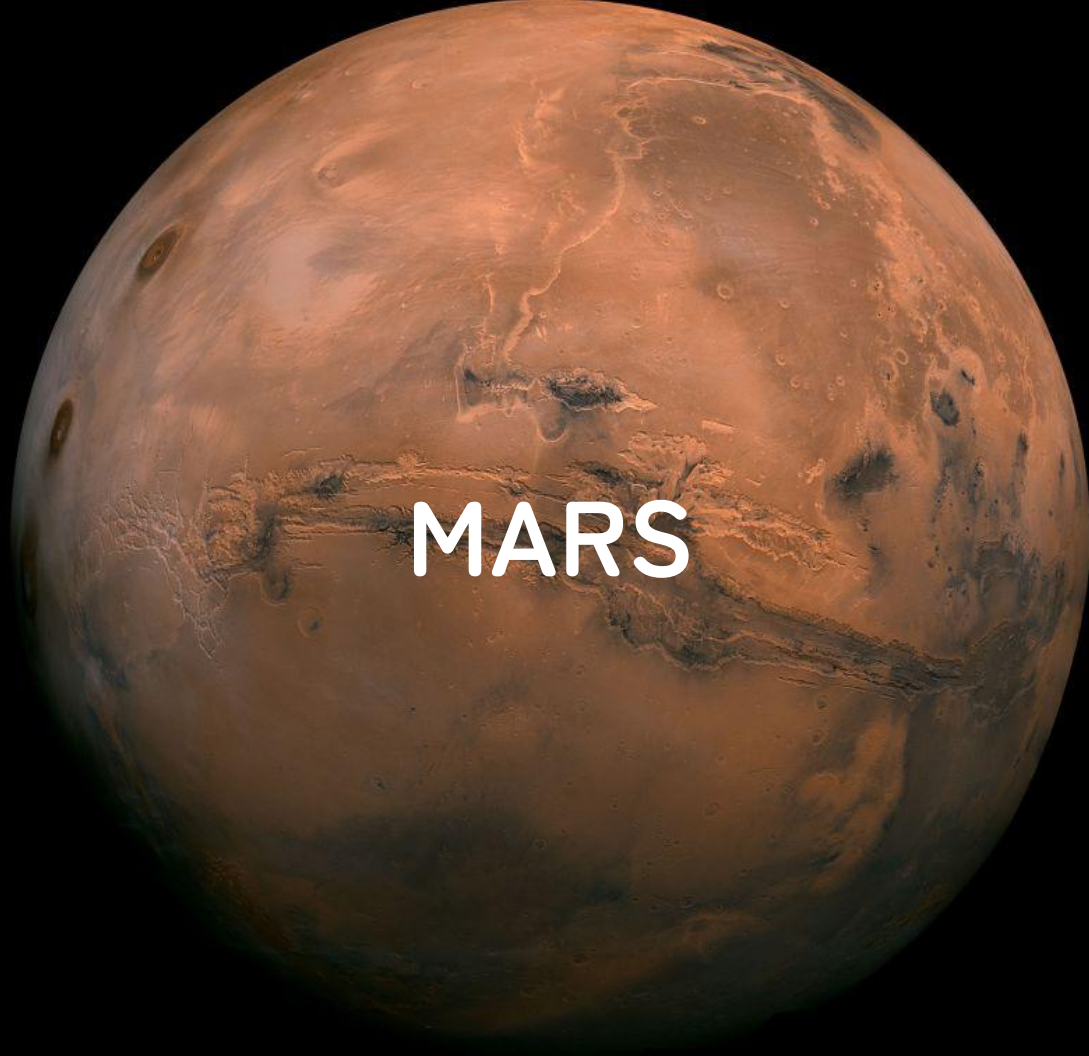

A detailed image of the planet Mercury, showing its heavily cratered surface. The planet is a greyish-brown color with numerous impact craters of various sizes. The lighting creates a sense of depth, with the left side of the planet being darker and the right side being brighter. The word "MERCURY" is written in white, bold, sans-serif capital letters across the center of the planet.

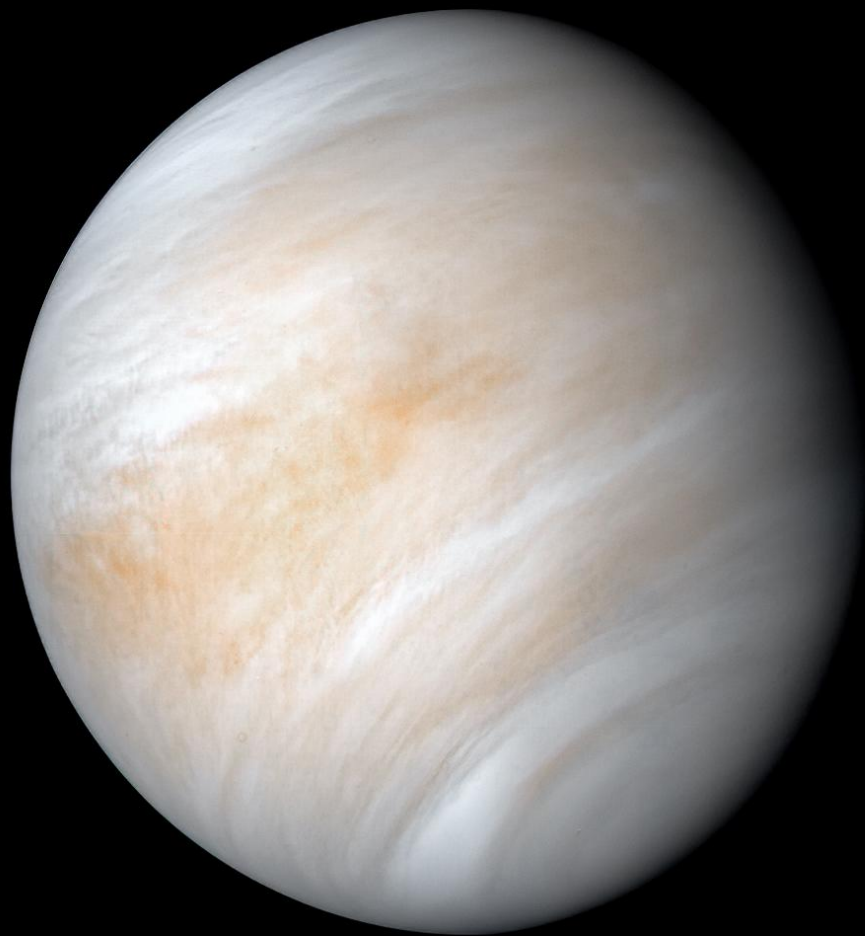

MERCURY

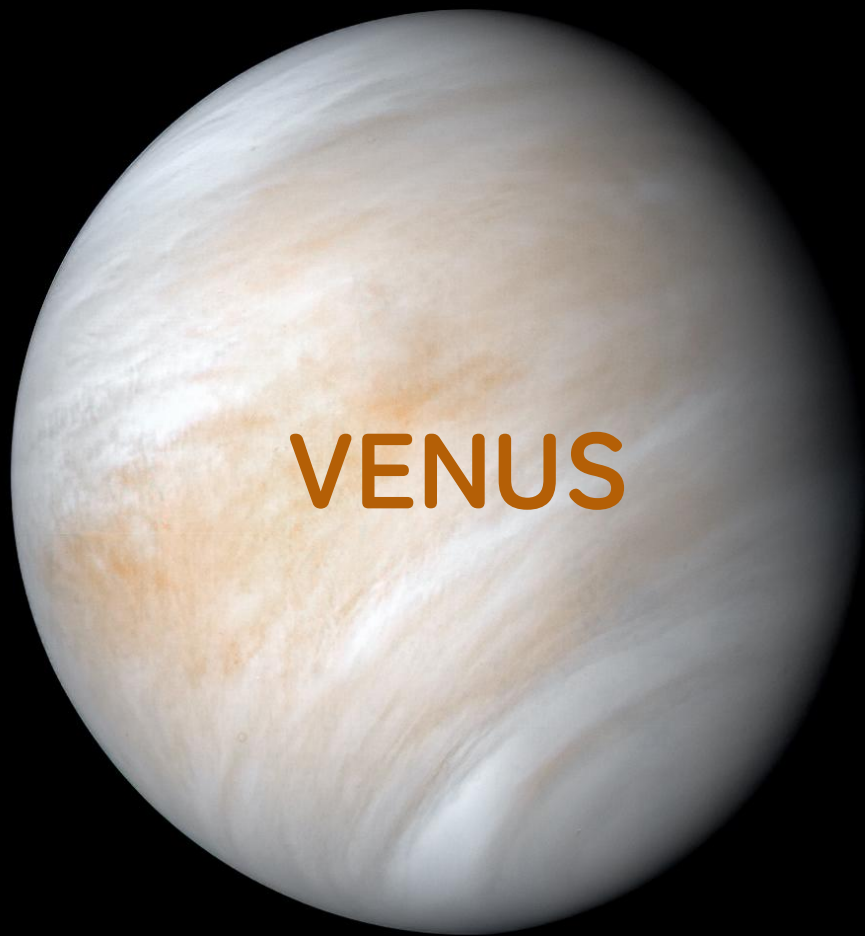

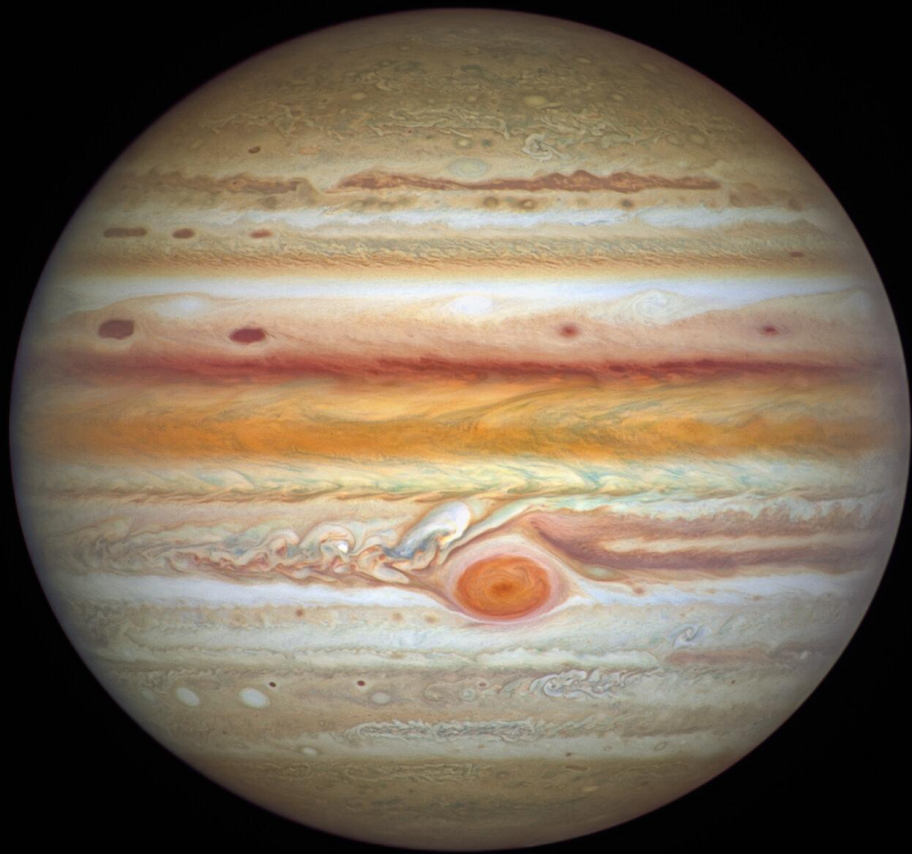

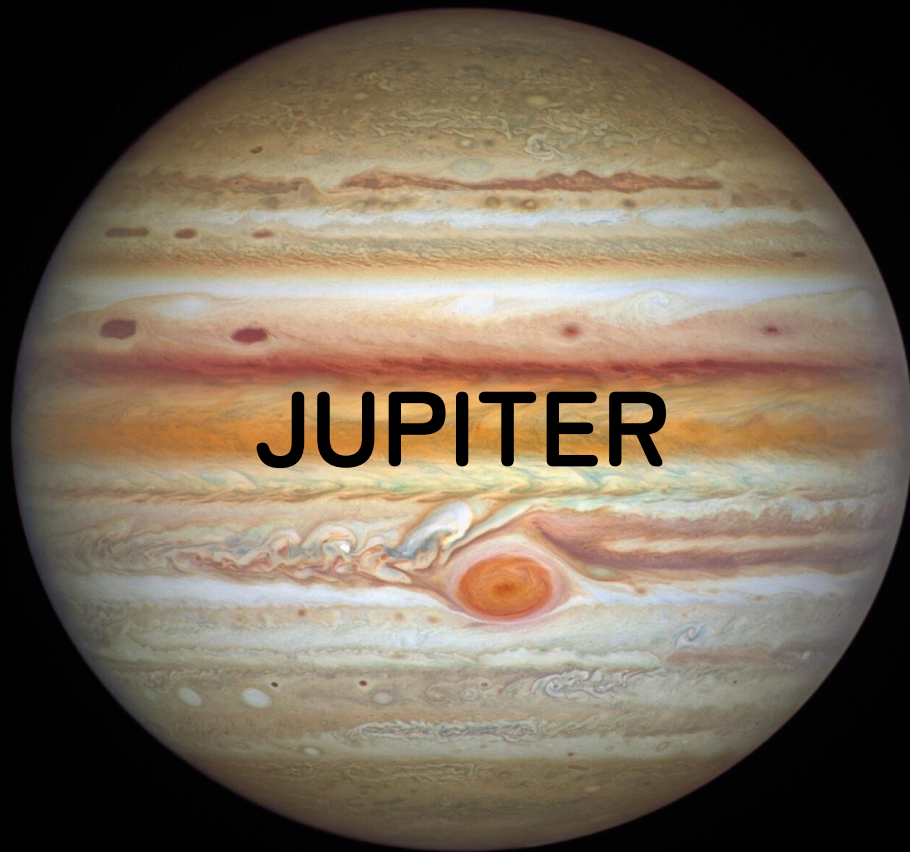

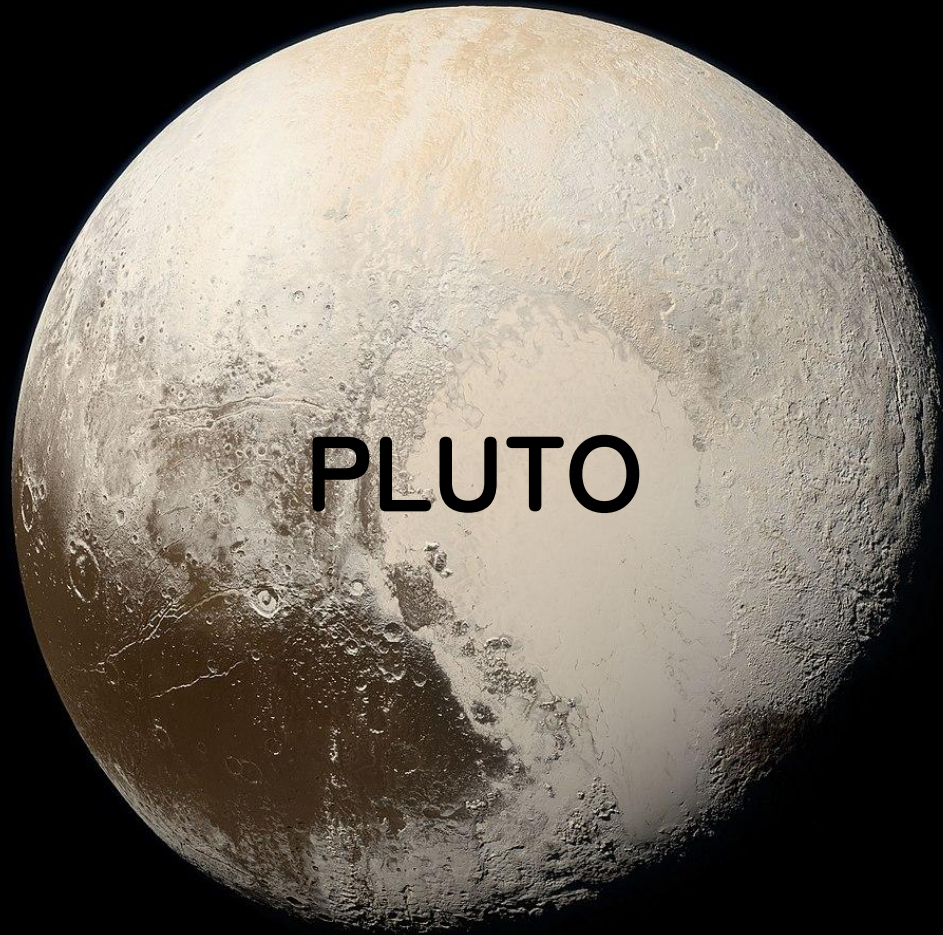

VENUS

JUPITER

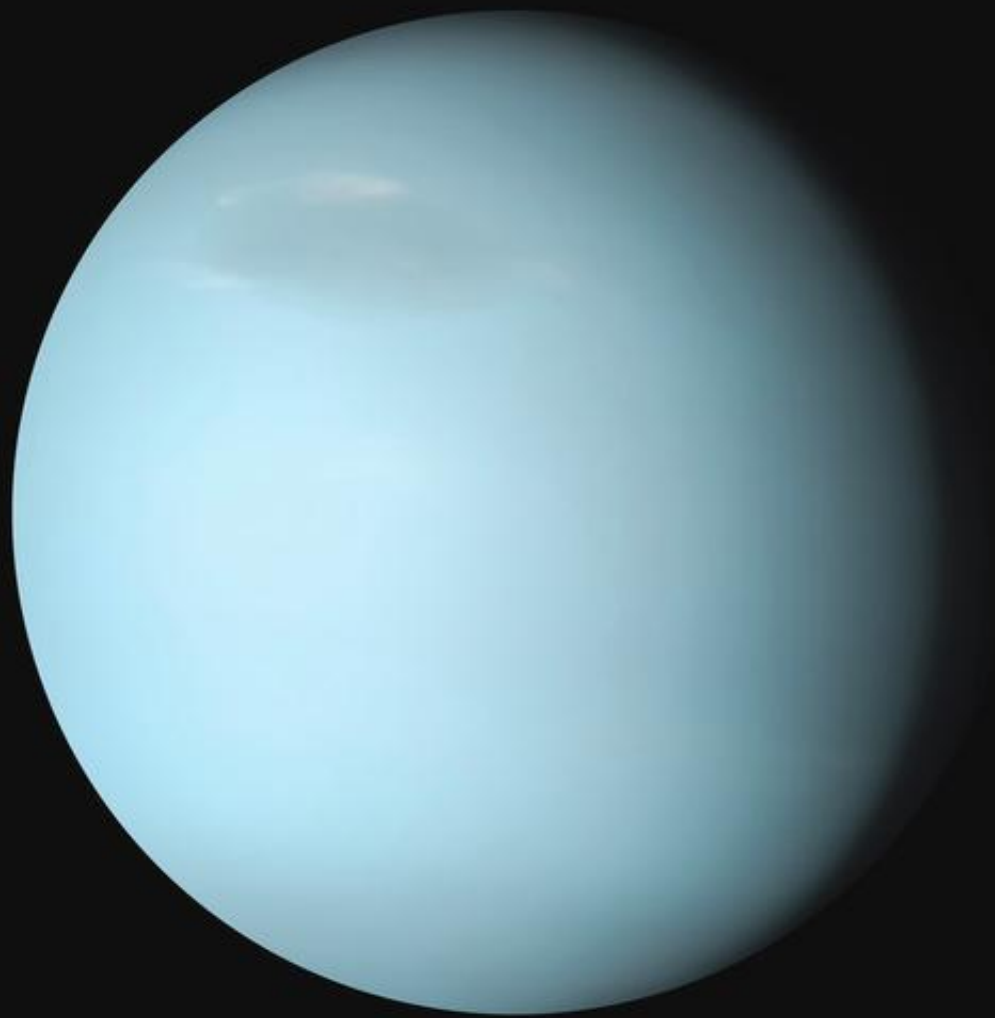

SATURN

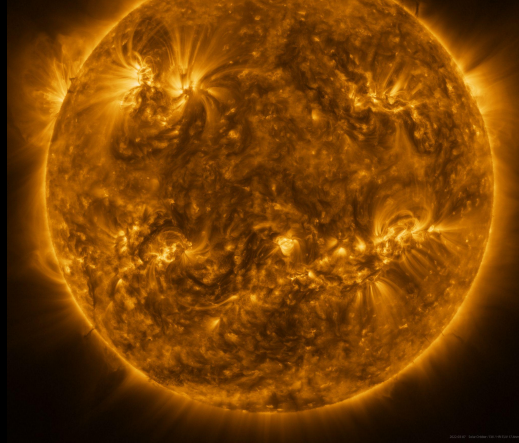

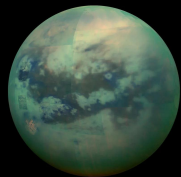

NEPTUNE

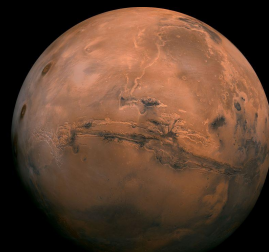

URANUS

Thanks fo
playing!
